More People Seek to “Get Inspired”

by Christy Puglisi

What a wonderful time we at Inspired Events of Maryland had meeting everyone at our “Get Inspired” Expo! So many old friends and new friends got a chance to experience various services such as reiki, tarot readings, reflexology, dowsing rods, and angel readings from our resident practitioners and even got the opportunity to get an aura photo too! Our practitioners also offered various free workshops and we had two special guests via the internet—Terri Love from Arizona was live and offered wisdom from Sanat Kumara and Judith K. Moore from New Mexico offered us channeled information and even played the flute for us! Judith’s message was taped earlier that morning of the expo.

I also want to express our gratitude for all of our resident practitioners, our aura photographer, and Judith K. Moore and Terri Love for offering their time and sharing their gifts with each of us. I am also grateful and excited to have met with old friends and to make new friends. I was glad to introduce them to our vision and have a day of fun, learning, and socializing! We are already **planning next year’s expo so if you weren’t able to make this one, mark it on your calendars for the end of June next year!**

September is Full of Great Events!

We have some great events coming in **September that we think you’ll really enjoy.** Returning with us from September 4–8 is Rev. Hoyt Robinette and his incredible gift of precipitated art via ‘spirit cards’ and even a ‘silk circle.’ Then, we’ll welcome back local author, Bill Bean, on September 10 and 11. Bill will share his encounters with evil and tell us how he was able to overcome it all and find God. Finally, **we’ll have our very first Tea & Tarot on September 26 with our resident practitioners and maybe even a few visiting practitioners. Several card readers will be available and we’ll also have a tea leaf reader on hand.**

Be sure to check out the website for details and tickets as well as other scheduled events.

Rev. Carolyn Wilson leads everyone into prayer before the doors open at Inspired Events of Maryland’s Get Inspired Expo, June 28.

A Call To Action For All Light Workers from Lord Sananda

through Judith K. Moore, Ph.D., www.RecordsofCreation.com

The Ascended Masters hold Earth's ascension pathway. There are three powerful cosmic rays moving into the **Earth's energy field at different angles;** from different parts of cosmic consciousness, which is the mind of master form. The Earth experienced these rays before at the end of the age of the dinosaurs.

Two of the rays enter through the crown of Silbury Hill in Avebury, Wiltshire, UK. These two rays form a triangle as they move through the earth. The third intersects the two on the other side of the planet. The cosmic force of these rays is unprecedented with a vibration that has already begun to affect your ionic balance. Through the ray of the Seventh Ray of Sananda, you are capable of supporting the Earth through what is about to occur.

The rays enter the planet August 7, 2009. The first ray enters Silbury Hill in Avebury at sunrise; the second in mid-afternoon and the third at 11:11 p.m. The intersection points can trigger the tectonic plates into massive Earth changes. This is avoidable but we, the Ascended Masters, must work with all humans who can connect to us. There are many off-planet, extra-terrestrial intelligences that will assist you in creating a time gap. Earth must be moved beyond space and time for a short duration. The recent intensities over this past week that have been observed are ionic,

affected by the ionic changes as these first two cosmic rays enter the Solar system and **Earth's planes.**

All of the energy grids, which have been empowered through the work of light-workers, serve to create a mantle of negative ions (negative ions support healthy life), crystal light, and healing light. The Harmony of the Dove initiated the Ninth Octave of Creation on June 21, 2009. These energies support the harmonic balance of Earth. When the Awakeners focus these powerful energies, you will be able to assist the Earth through this transformation. Ultimately the cosmic rays will raise the vibrations of Earth and facilitate the Awakening, but you must work together to stabilize these powerful energies as they enter the Earth.

I, Lord Sananda, speak to you now through (Judith). It is the love that you generate through your hearts; the faith that you have; that creates a new potential for Earth at this time. It is the capacity to move beyond the impact of the hologram when the cosmic rays intersect the planet. You are capable now of moving beyond **cataclysm. This refers to the possible end of much of the Earth's ecosystem,** a time of complete change in the atmosphere of the planet.

The formation of consciousness, through Sananda and the Ascended Masters, is now sufficient enough to activate a mantle of energy from the heart matrix and create a holographic heart. On August 5, 2009 the Thirteen Grandmothers have called council in

Physical Medium, Rev. Hoyt Robinette at Inspired Events September 4-8

Silk circle among spiritual events offered

Rev. Hoyt Robinette is an ordained Spiritualist Minister. His gifts are many and include trumpet mediumship, clairvoyance, blindfold billets, spirit cards, spirit pictures on silk, and direct voice. By demonstrating his gifts, he is able to prove that there is indeed a "higher life" awaiting each one of us-in the here and now.

Inspired Events of Maryland is excited to bring back Rev. Robinette September 4-8 for five amazing Spirit Card Circles, several private readings, and a very special Silk Circle!

Spirit Card circles will be held nightly and are \$75 each. The Silk Circle will be held September 6 and is \$80. Private readings are by appointment only and cost \$85 for a 30-minute session. Each private reading includes a CD copy of your reading.

All events require prepayment and are nonrefundable. Space is limited, so reserve early. For details and tickets, visit www.InspiredEventsofMD.com. ☞

Local Author and Experimenter, Bill Bean, Makes Return Visit

September 10-11

The Inspired Ghost Tracking Meetup Group and Inspired Events of Maryland welcome back local author, Bill Bean, September 10 and 11. Join us as we watch the video, "House Of The Dead", and learn how Bill's experiences with evil forces helped him to find God. As disturbing as some of the content in the video is, there's a very powerful message of hope and faith that has affected many readers in a positive way. Bean's book, "Dark Force", will be available for purchase as well.

Greetings from the Hathors

through Rev. Carolyn Wilson, Resident Practitioner

I'm a channel for many Ascended Masters, and have been for quite some time. Recently, I had a reading with Rev. Hoyt Robinette who channeled the Hathors. They revealed to me that I was to channel them as well. I had never heard of the Hathors before, but I was told to find out about them. This direction was rather unusual for me because the Masters had always told me that books and opinions written by others could affect my channeling. So I looked them up and realized that what I teach is what they believe as well.

Early Tuesday morning, May 12, 2009 I was awakened by my guides. Although it was my day off and I really wanted to sleep, I knew I needed to get up and that the Masters wanted to communicate. So I got my coffee and got into my recliner to meditate. To my surprise, this is what I channeled and wrote:

"We are the Hathors, we are spiritual beings from another dimension. I am Dayman I'm one who talks for many. We are in the light now, we have ascended while in our dimension. Some of us have incarnated on your earth to help to bring in the knowledge and truth. We are not healers for the body, but for the soul. We see so many who want to move forward for the soul growth, but do not think that they can do this on their own. They think that they still need elders who are on a higher ray or vibration to help them to get at the level that they wish to be on. But this work must be done by

one's own hard work and learning. Yes teachers and healing on the earth can help you, but we or anyone from the ascended realm can only guild you and give you suggestions on how to use the energies that are coming in and will keep come until 2012."

"The love of the Source is very strong in our make-up and when you love the Source the way we do, then giving service to others from all of the Source's Creation is our gold in our evolution."

"We are but small Ascended Masters; just as your Ascended Masters are, so are we. There is so much more levels of growth you can not imagine. There are as many levels of Creation as there are Universes, millions and millions. Your level or universe is the farthest out from the center of Creation."

"We wish to encourage you with in these writings so that you can move forward a little easier, knowing that many in the upper levels are trying to help you."

"Let us say this, you think that heaven is up or around you but heaven is but the higher Universes that exist. You will some day ascend to all levels of Universes; as we the Hathors will."

"We leave you with the knowledge that we are here to help, but only help, we can not do the work for you and we can not make it easy for you. Your hard work and trials are very important for this is how you have chosen to learn and grow when in this realm."

Blessing to all,
Dayman, The Hathor ☪

Reflexology and Foot Care for the Diabetic

by M. Linda Furrow, Reflexologist and Inspired Events of Maryland Resident Practitioner

People with diabetes can develop many different foot problems. Even ordinary problems can get worse and lead to serious complications. Foot problems most often happen when there is nerve damage, also called *neuropathy*, which results in loss of feeling in the feet. Poor circulation can make the foot less able to fight infection and to heal.

Diabetes causes blood vessels of the foot and leg to narrow and harden. The feet may feel cold. The best way to help cold feet is to wear warm socks, as using heating pads or hot water may burn them the feet have no feeling.

Together, these problems make it easy to get ulcers and infections that may lead to amputation. Most amputations are

preventable with regular care and proper footwear.

I believe that reflexology, should be included in "regular foot care". Keeping the circulation going in a diabetic's feet is a must. By the very process of 'reflexing' the feet, reflexology has been beneficial in aiding the circulation thereby facilitating the healing of ulcers, lack of feeling and cold feet. In many cases the burning pain and numbness due to peripheral neuropathy is decreased or at least made somewhat livable with reflexology sessions done on a regular basis.

Linda Furrow has been practicing foot reflexology since 2003. ☪

The Wisdom of the Lesson

by Melissa Feick, Theta Healing Practitioner and Inspired Events of Maryland Resident Practitioner

My beloved first teachers emphasized the concept of lessons. These teachers felt that the lessons we learn on this earthly plane were part of our existence and that understanding this would help us transform. This was how I walked through my existence, thinking that everything was a lesson.

Most people talk about the idea of learning difficult lesson. When was the last time you heard someone say **“That was an easy lesson I learned”**? One usually speaks of lessons when things did not work out or it was emotionally scaring. Most equate a lesson to a negative event. I used to think it is the lessons we receive that help us evolve and transform. It seems there is always something to learn when things went wrong or a difficult situation happened in my life.

As a Theta Healing™ Teacher and Practitioner, I was trained to listen to the beliefs of myself and others. For me, Creator of All That Is will highlight these beliefs and talk to me about them. One day, as I was sitting with a friend and she was telling me about a difficult time in her life and how she was learning an important lesson. What occurred to me was that this was actually a pattern she created many times before. This was not a new **“lesson”** although to her it appeared that way.

Creator told me that if one looks at life as a lesson there is always a **win/lose or pass/fail**. Many see the **“lesson”** as an outside force that happened, to help them evolve. Creator said to start looking at life as an experience. The energy behind the thought form of EXPERIENCE has a neutral energy whereas LESSON has a harsher tone and energy around it. Lessons have a complicated energy and experience feels more impartial. We can learn through experiences without having a lesson. We can experience and understand the wisdom of what happened without putting in the energy that of a harsh or difficult lesson.

For example, maybe I experienced stubbing my toe. It is not a lesson to learn to be more careful so I never stub my toe again. I chose to experience my toe being hurt; it is just that, an experience. **We assume that these “lessons” are a learning tool and imperative** to our life. Allow yourself to see the experience at face value. This experience is a way to discover a deeper sense of wisdom and knowledge. You create experiences with the energy of wisdom behind it.

Start looking at your life as an experience. For instance, someone experiences the loss of a friendship. What wisdom has been gained from that experience? Can you feel the difference in the energy of that statement? Perceiving your life as an experience will shift the energy around you. Learning is great if it feels like an experience, if it feels like a lesson you may spend more time trying to get it right.

Empowerment

by Lisa Pepe, Organizer of The Harmonious Woman Empowerment Network Group and Inspired Events of Maryland Resident Practitioner

When you think of empowerment, what comes to mind? The most common dictionary definitions are **“To give power or authority to”** and **“To enable or permit.”** It is a word that is used to make others feel more in control of their destinies. This world can be a very challenging place to feel in control, but where we have the most control is within ourselves. I would like to help enable you to permit yourself to have the power and authority over your life! **There is no better time to do this so let's begin!** Below are a few tips on how to begin to empower yourself from within yourself because **“You are what you seek!”**

1. Always ask your higher-self what is best for you and listen to it!
2. Focus on what you would like for yourself and align your actions!
3. Treat yourself and act as if you are what you want to be!

4. In times of a breakdown, hold yourself **tight and say “I love you, I forgive you, You are the best!”**
5. Know your highest limitations and reach one step beyond!
6. Never be too proud to ask for assistance & seek out mentors!
7. Try something new and get yourself out of your comfort zone!
8. Realize you cannot change others, but the effort was noble!
9. Pick up your boot-straps as many times as it takes!
10. **Bring a little humor into the “bad” things - it's a growth spurt!**

I hope using these will make you feel a bit more empowered and if you would like to learn more, join The Harmonious Woman at meetup.com/theharmoniouswoman or

contact the organizer at lisa@harmoniousolutions.com. This group meets the third Monday of each month at Inspired Events of Maryland and more information about Lisa and The Harmonious Woman can be found on her website at www.harmoniousolutions.com.

Angel Card of the Month

with Ellen Starchenko

From "Daily Guidance From Your Angels Oracle Cards" by Doreen Virtue

Perfect Timing

"Now is the perfect moment for you to act on your inspirations. The doors are open, while you walk through them with us by your side. Don't delay or procrastinate, as all of the ingredients are ripe for your success. Everything and everyone is on your side, supporting your positive outcome."

This card means that you need to take certain steps before your prayer can be fully answered. The angels say that now is the perfect time to act. They will guide you along the way. Sometimes it's not so important how we approach a situation, but that we put energy, action, and intention into manifesting what we desire. Once we take the first step in the direction of our desired outcome, the universe then gives us additional help. ☸

Numerology for the Month

with Rev. Carolyn Wilson

First, I want to remind you that 2009 influences you all year. August's numerology number is 11 and that equals 2. Then you add this month's numerology number to the year's number, and boy you have a lot of energy coming at you!

The number 11 is the energy of *challenge*. It challenges you to integrate and reconcile leadership abilities. These abilities are more of a spiritual nature at this time. You are challenged to bring forth your spiritual self in all situations. You could be challenged to become a leader in your own life or lead others by your spiritual actions in life.

Since 1+1=2, the number 2 also influences you. This energy is one of *love*; love for group or humanity. So 11 helps to open you to your spiritual leadership and 2 helps you to express it to all that you come across.

For the entire month of August, we are influenced with the numerology number 8 and all its **energies**. Eight's energy is *responsibility*, so we are challenged with 11, 2, and 8, meaning we are to be responsible for our spiritual growth and how we show our spirituality to others. We are also challenged to be responsible to use wisely our powers of leadership and influence.

Combine all the numbers 11+2+8=21 (or 12) = 3. The numerology number 3 also challenges us to **give up what limits us in order to release the hidden "real self" so that it may express itself and become the true spiritual you.**

This is an important month for working on your spiritual self so that you can bring forth to all that you are "a child of God". ☸

Get Well, Carolyn!

Join us in sending love and light to our very own Rev. Carolyn Wilson as she goes through some medical issues right now. We miss her very much and appreciate all the hard work she has put into Inspired Events of Maryland. We are happy that she is taking the time necessary to heal and recharge and we are **striving to keep things going in her absence**. Once Carolyn's feeling better, we will welcome her back in a resident practitioner role. Please remember Carolyn in your thoughts and prayers and join us in sending her much love and gratitude for all that she's done to inspire each of us! ☸

Call to Action...

(Continued from page 2)

Crop circle appeared July 22, 2009 on Silbury Hill in Avebury, Wiltshire, England. Image courtesy of John Montgomery, Copyright 2009.

Oregon USA. Focus on the Council of the 13 Grandmothers prayers to establish a heart matrix, a mantle. The 13 Grandmothers have prepared a time for global peace prayer. We, the Ascended Masters and your benevolent cosmic family, will connect to you at that time. It is essential that everyone form a heart, holographic heart. This holographic heart will sustain the impact of the August 7th intersection in England.

The days of August 5th, 6th and 7th are the essential days for the manifestation of new consciousness, harmonic polarities and interactions between your mind and the Mind of God, the Heart of Creation. It is essential that you maintain your own personal balance, staying in the peaceful centre so as not to allow extreme energies of unresolved fears or any chaos factor to create dysfunction or disharmony. It is essential, after the 5-7 August that you pray for peace during your daily movements and activities. The community of faith on this planet is a powerful force of Creation now. You who receive this message will be the transducers for the collective. As you work with this field, visualize, through the Vibration of Ray of Sananda, that the Earth becomes a Holographic Heart.

The heart chakra on the planet will be supported by the cosmic spiral and by all other chakra systems. All other chakra systems support the heart chakra. The Earth will be absorbed in the energy of the heart chakra. This time calls upon your compassion. Your love is the force of creation that will transcend physical potential. A new reality will be perceivable through the human collective. Waves of love will flow over the earth generated from your heart. This will, in turn, trigger the heart response over these three days that will be felt by all humans, on one level or another. You are asked to feel love, and to feel it powerfully. During these three days

it is essential to the experience loving communication and loving exchange from the heart source of your God Self. This will trigger waves of the vibration of Sananda throughout the global collective experience.

We the Ascended Masters are not asking you to meditate for three days. You are being asked, instead, to be conscious of your actions, thoughts, words and deeds over these three days. Have a total focus on the heart and on positive thought. Your energy fields generate powerful ionic forces. When you think positively it sustains the Earth through its changes and challenges. When you allow your minds to become occupied with old-paradigm thinking, the ionic field of the planet is actually affected.

You are the Bringers of the Dawn. You have stepped forward to be agents of harmony for the polar opposites that create discord through dense vibrations. You must now hold every mind, every human on this planet in thoughts of compassion and support. Lift up your fellow humans, lift them up into the light, lift them up into the heart of Sananda.

I, Sananda, bring you this message in full confidence that you have already prepared yourselves. You have surrendered to peace, you have surrendered to faith, and you have prepared yourselves. But these three days will be the ones that open the greatest potential and the greatest opportunity for you. On August 8, you will reach the Infinity Gate.

SO BE IT AND SO IT IS ☸
